^a Includes all students registered in Grade 9 and ungraded students in year 9 of schooling.

^b Includes students who were absent for the entire test or part of the test, and those who wrote but whose results were withheld.

^c Includes students who were absent, excused by the superintendent, or who wrote but whose results were withheld. It is possible that some students, under different circumstances, could have demonstrated standards on the test.

^d The school authority/school results have been updated with any changes that were made to student scores subsequent to the posting of last year's school authority/school detailed report.

^e Form 1 reflects learning expectations specified in the 1989 Program of Studies. The provincial results reported for Form 1 are not representative of all students in the province, as the majority of students in the province did not take the Form 1 assessment. Therefore, discretion must be used if a comparison is made between the school/authority results and the provincial results.
